

The U.S. chess magazine your patrons ask for.

Since 2016, American Chess Magazine has brought readers tournament reports, interviews, annotated games and instruction from grandmasters and chess journalists. Six print issues a year, read cover to cover and kept on the shelf, by everyone from club players to titled players. Chess programs are among the best-attended activities libraries run; this is the magazine that keeps those readers coming back.

SUBSCRIPTION

\$124.95 / year

U.S. institutions, print, postage included
